Thank you both! The settlement agreement was my main interest – I was curious about the basis for the issuance of the coordinated approval. I haven't reviewed the coordinated approval itself, but please let me know if you'd like my review.

I've touched base with an OGC colleague who works with RCRA financial assurance and will let you know what I hear.

John/Bethany,

Here are the latest versions of the approval letter and conditions that I have. I still have to make changes to the conditions as noted by comments within the document.

Let me know if either of you have comments or questions on these.

Thanks,  
Peter

Bethany:

Here is a copy of the State settlement agreement with MKC. Peter can forward you the latest copy of the TSCA Approval, as I believe there have been some changes to the version I have. I'll be in the office tomorrow if you would like to discuss. Thanks.
